

CALL FOR PAPERS

The International Conference on Electrical and Information Technologies (ICEIT'15) aims to foster knowledge exchange and transfer among Electrical Engineering and information technology communities from academia and industry. Therefore, the main goal of ICEIT'15 is to bring together scientists, researchers, engineers and practitioners interested in any one of a wide range of topics and aspects it covers which are focused on electrical and information technologies. Moreover, it also aims to provide real opportunities for expertise and knowledge sharing and dissemination among its participants.

The scope of the conference includes, but are not limited to, the following topics :

- Smart Power Grid
- Real-Time Monitoring and Diagnosis
- Energy Conversion
- Electrical Machines and Drives Systems
- Renewable Energy
- Embedded systems, Robotics and
- Automation and control Engineering
- Medical Applications and Technologies
- Biomedical Engineering
- Photonics
- Nanosemiconductors and devices
- Cryptography and quantum information
- Image and signal processing
- Software Engineering
- Information Security and Neuroscience
- CAD Systems in manufacturing
- Web services
- Intelligent transportation systems
- Smart Grid
- Smart learning
- Wireless and mobile Technology
- Cloud Computing Distributed
- Computer systems for industrial
- Image and signal processing and acquisition
- Big Data and intelligent business
- NLP Natural Language Processing

IMPORTANT DATES

Full paper submission	Tutorial proposals	Notification of acceptance	Camera-ready submission	Early-Bird registration
October 15, 2014	October 30, 2014	December 15, 2014	December 30, 2014	January 1, 2015

SUBMISSIONS

Prospective authors are invited to submit a regular paper format (4-6 pages) using easychair online submission system at **ICEIT'15:** <https://www.easychair.org/conferences/?conf=iceit2015>

All submitted papers will be peer reviewed. Accepted and registered papers will be included in the conference proceedings and will also be considered for possible publication inIEEEExplore. However, it should be noted that paper acceptance for ICEIT'15 does not imply automatic publication in IEEE Xplore. IEEE Morocco SECTION is technical co-sponsor of ICEIT'15.

Tutorials

The conference organizing committee welcomes proposals for tutorials to be held in conjunction with ICEIT'15. Interested speakers are kindly requested to send their tutorial proposals by email to the conference contacts:
